

*"I could see the yellow CHP blanket laying on the asphalt and it was for my son, Garrett. All of a sudden a soft-spoken woman, one of your Law Enforcement Chaplains, just appeared — like an angel out of nowhere — to be with me on my worst day ever. She stayed, she listened and she was intentionally present. I don't know who she was, and yet, I'll never forget her. Forever grateful." - Debbi Rath, Mother*
